

# 2021/22 COMES TO A CLOSE

29/06/2021

*This week marks the end of the first season of the Lincolnshire Co-op Women and Girls Football League and what a season it's been.*

*Launching anything during a global pandemic, has its problems! We are incredibly grateful however to everyone involved in the league, who's hard work, determination and passion for the women and girls game, has ensured we completed our very first season, despite the lockdowns and stoppage of the whole game. It is a testament to the fantastic clubs involved in our leagues to ensure that fixtures could be completed. We are thankful for all your hard work, your dedication to getting your players back out on the pitch was commendable.*

*Our league's mission was to provide opportunity for women and girls to play within one league across our county. It's certainly been a step in the right direction in our first year and we can't wait to grow and develop in the year ahead. It's been fantastic to see so many players enjoying the game by being a part of league. The future of the women's game is certainly a bright one.*

*Thanks also to everyone on our league committee for your work in supporting the league and all our clubs. We are grateful to the Lincolnshire Co-op for your support through your league sponsorship.*

*Our congratulations to all the teams who have been crowned champions for their age group this season outlined below, including the teams at the senior section who have gained promotion, we wish you all the best for the season ahead. We look forward to welcoming faces old and new for the 2021/22 season.*

*Here's to building on success and providing opportunity in our county for all women and girls who want to play.*

Laura McWilliams – LWGFL Chair.
